

Sprint Planning #2

Team Members:

Hunter Meredith

Sialao Mobley

Spencer Robinson

Dallin Packer

Brady Trappett

Held a stand up meeting to discuss what our vision for the website really is, because now we need to actually make it a reality. Split up responsibilities. We need to communicate better so we do not run into git management issues. Most of the work is going to be done this sprint, we are looking for functionality first and then fine tuning later.

Need to do:

Home page M

Tools Page M

Contact Page S

About Page S

Registration page S

Login Page S

User management M

Tools cart L

Tools inventory management L

Functional user and tools interaction L

Done:
